Subject: Oxbow Hill Solar - Community Meeting

Supervisor Jones,

On Tuesday, July 25th from 5 – 7PM, we will be holding another community meeting regarding the Oxbow Hill Solar Project at Nichols Pond Park.

We are mailing a postcard notice to all residences within 1 mile of the project, and are also putting a notice in the Cazenovia Republican. We will post notice on our Project Web Page, as well.

We are holding this meeting to provide a project update and respond to any questions folks might have as we gear up to file our Permit Application with the State in September.
